

OLD TECHNOLOGY vs. NEW TECHNOLOGY

BE AFRAID OF USING
THE WRONG TECHNOLOGY

trouble

[truhb-uh l]

1. difficulty or problems -

Use : "We have trouble managing cell phones and staying compliant"
synonyms: problems, difficulty, inconvenience, worry, concern

2. in collections -

If you need an IT department to manage your software; when your software company is acquired in challenging times

The lack of a major revision for 15 years is a formula for doom. The once-amazing Nokia will soon be gone. Do we remember Compaq, Blockbuster and Borders? And in these technology-driven times, shouldn't modern collection software run your business without expensive IT departments or custom code?

RME_x is proven, intelligent collection software.
